# THE INTERTHANE SYSTEM

2K POLYURETHANE CLEAR,

## ILVA T09 SERIES INTERTHANE POLYURETHANE CLEAR TOPCOAT

- Italian-made, premium-grade 2 pack polyurethane designed for wall panelling, furniture, kitchen panels and bar tops
- Silky smooth finish with excellent clarity to highlight the depth and grain of both solid and veneer timbers
- Thixotropic formulation ensures strong vertical hold and easy application on furniture profiles
- Outstanding durability against water, heat, and household cleaning products—ideal for kitchens and high-use surfaces
- Resists powdering and white scratch marks common with other polyurethanes, maintaining a clean, elegant surface

## ILVA TA48 CLEAR SEALER

Ilva TA48 High Build Clear Sealer is a **premium, high solid basecoat** designed for speed, clarity and efficiency. Its high build formula means fewer coats are needed to achieve a full, even finish—saving time and product. TA48 sands easily without clogging abrasives, making surface prep faster and reducing labour time between coats.

With exceptional clarity, it preserves the natural look of the timber and won't compromise the tone or brilliance of the topcoat. Ideal for use in both the Interthane and Diamante systems, TA48 delivers production gains without sacrificing appearance or performance.

# THE DIAMANTE SYSTEM

2K POLYURETHANE PREMIUM ANTI SCRATCH CLEAR

## ILVA T0975 SERIES DIAMANTE POLYURETHANE CLEAR TOPCOAT

- Engineered for high-traffic areas, Diamante offers extreme surface hardness, making it ideal for restaurants, bars, and other demanding environments.
- Provides outstanding resistance to heat, chemicals, and daily wear, extending the lifespan of your surfaces.
- Showcases the natural beauty of the timber beneath with exceptional clarity, ensuring your furniture stands out.
- Suitable for tables, cabinetry, and furniture in both commercial and residential spaces, and can be sprayed over colour coats for added protection.
- Available in a wide range of gloss levels, from matte to high gloss, to match your design vision.

## A High Build Base for Interthane & Diamante

- ✓ **High Build Formula** – Fewer coats needed, saving time and product.
- ✓ **Crystal Clear** – Preserves topcoat colour and clarity.
- ✓ **Easy Sanding** – Speeds up prep between coats.
- ✓ **High Solid Content** – Delivers efficient film build per coat.
- ✓ **Production Friendly** – Less waiting, faster workflow.
